

Georgia Legislative Internship Program

(Spring 2016)

Deadline: Thursday, October 1, 2015 at noon

Offered only in the spring, the 2016 Georgia Legislative Internship Program is an opportunity to meet state lawmakers and experience the legislative process first hand while working full time in offices in and around the state capitol in downtown Atlanta. The internship period lasts approximately 12 to 16 weeks (January to April), depending on the length of the legislative session. The internship is open to all majors; however, it is restricted to Georgia-resident undergraduate students (sophomore and above) only. It is a paid internship, and students may also earn up to 12 hours of academic credit. A limited number of internship positions are available.

Georgia Tech D.C. Internship Program

(Spring 2016 or Summer 2016)

Spring 2016 Deadline: September 24, 2015
Summer 2016 Deadline: October 8, 2015

Offered each semester, selected students work full-time in federal government offices in and around Washington, D.C. for 16 weeks in the spring or 10 weeks in the summer. The opportunity includes a \$7,500 stipend in the spring and a \$5,000 stipend in the summer to offset expenses (housing, transportation, and living expenses). This program is open to both undergraduate (sophomore and above) and graduate students of all majors. International students are eligible to apply; however, some federal offices only accept applications from United States citizens.
